Our story

Our story is rooted in tradition, community, and purpose.

Since 2013, our mission has been clear: to preserve and promote the rich heritage of Vietnamese handicrafts while supporting our artisans who bring these beautiful creations to life.

Vietnam has a proud history of craftsmanship of over 4000 years old, where skills and techniques are passed down through generations. At Artex Nam An, we aim to share these treasures with the world while ensuring that the creators are respected and empowered. Our commitment to sustainability goes beyond material, it's about building strong, supportive relationships with the communities we work with.

We are proud to join hands with other Vietnamese companies to provide opportunities for women in rural areas, particularly mothers who need flexible work options after childbirth. In a world where many women are required to spend long hours in industrial factories, we offer an alternative: flexible schedules and work-from-home options. This allows them to earn a stable income while having more time to care for their well-being and at the same time having more time with their families. By offering better-paid jobs with social benefits, we hope to uplift local communities and give artisans the support they deserve for a more fulfilled lifestyle.

Every product we make tells a story, a story of skilled hands, cultural heritage, and a shared vision for a sustainable future. When you choose Artex Nam An, you are not just purchasing a product but also supporting a tradition, empowering a community, and helping us craft a better tomorrow.
